### 'Journey of the Senses' – Niagara College NOTL Campus

The best of both worlds!

This experience includes a tour and tasting at both our Teaching Winery *and* Teaching Brewery! Your experience kicks off in our own vineyard, where we will discuss the growing season and terroir that allow us to grow premium grapes right here in Niagara, as well as the landscape of the Ontario wine industry.

Take a peek at our onsite winemaking facilities and enjoy a structured tasting of VQA wines before making your way to our Teaching Brewery to tour the tanks and sample some of our beloved local brews. What a way to spend a short time in the afternoon!
